

MEDAL FINAL 2020

The Medal final consists of three sections:

1. Winners of medals throughout the year will play for the honour of being the overall Medal winner.
2. Qualifiers, those players that have played to their handicap or better during the year's medals. A voucher will be awarded to the winner.
3. An open contest for all members, this will be a normal medal round.

Note: This will be run as a single competition on the computer. This is due to the difficulty of running three separate competitions and the fact that there are three divisions which are open to: Medal Winners, Qualifiers and all other entrants.

Medal finalists whose names appear e.g., A-N-Other, is because they have won more than one Medal.

If your name doesn't appear in the Qualifiers column on a date when you know you have played to your handicap or better, it has probably been deleted as you have played to your handicap or better on more than one occasion.

The members listed below are entitled to enter the Medal Final or the Qualifier competition.

No Medal Qualifying Competitions were played until June 11th 2020 due to the Corona Virus Restrictions

Winner

Qualifier to HC or Better
