

Due to problems with a number of score cards received, some being very hard to decipher, some having no player, handicap, or both and some being extremely hard to read. I've shown below examples of three score cards and how a score card should be entered.

I know we can't all have perfect hand writing but it would be really helpful to me, when there are nearly 100 cards to go through, that they are legible.

A great many of you use 'HowDidiDo', but I still have to go through the cards and enter those that don't use 'HowDidiDo'. In singles competitions only use the Marker and Players score, do not have any other players on the card. If a mistake is made, please do not write over the mistake, cross it through and write the corrected score against it, as per the Stableford card below. On the next page there is a sample of a better ball. Your assistance in this matter would be very much appreciated and very helpful.

Ed Blain

Competition Secretary
